

## Board Okays Purchase of Golf Course Site at 190th, Main Sts.

Purchase of 200 acres near 190th and Main Sts. for use as a golf course was approved last week by the County Board of Supervisors at a cost of \$1,300,000.

Supervisor Burton W. Chace moved to buy the property, while Supervisor Kenneth Hahn opposed the motion.

Hahn listed as his reasons for opposing the motion:

1. A low appraisal figure — \$808,000 — was omitted when appraisals were submitted to the board.
2. The property is now used as a private dump and it has been estimated that it will be several years before it is filled.
3. The Western Ave. Golf Course was acquired by the county in 1953, fully improved, for \$1,100,000.
4. The Dominguez Channel runs through the property and \$600,000 worth of work on it will be required before the property.

5. An additional \$400,000 will be needed to develop the property into a golf course.

6. The \$1,300,000 appraisal submitted on May 22 was the exact figure that the general manager of the Dominguez Estate Co. indicated he would

sell the property for on Feb. 8.

**indefinite Operation**  
7. No mention was made of how long the dump would operate. For the county to take over the property, remove it from tax rolls, and still continue the dump operation for four or five years does not satisfy the need for golf courses.

8. The price is too high and it will cost too much to improve.

"When the county is looking for contemplated condemned land for additional dumps, it seems strange to discontinue an existing dump and then turn it into a golf course," Hahn said. "It seems strange to me that we are closing down one private dump, and all the business will have to go to a nearby private dump."

**TB REPRESENTATIVE . . .**  
Elma Plappert has been named field representative of the Los Angeles County Tuberculosis and Health Assn. for the Torrance, Inglewood, and West Los Angeles areas. She will aid in developing health programs

## Writers Will Hear Talk on 'Possibilities'

Ramonita S. O'Connor, well known in South Bay literary circles, will be guest speaker at the Southwest Manuscripters Friday at 8 p.m. at Clark Stadium, Hermosa Beach.

Mrs. O'Connor has sold in virtually all mediums of writing. Her poetry has appeared in the Saturday Evening Post and Wall Street Journal. Her juvenile stories have appeared in many children's magazines. She has also published articles and books. "Murder Won't Wait," a mystery, may be found in most libraries. Her second book is at her agents, and she is at work on a third.

Mrs. O'Connor also has two classes in creative writing under Adult Education. One is at Mira Costa High School on Monday evenings 7:30 to 9:30 and a day class at Redondo High School on Wednesday mornings. These classes will start Sept. 16.

Mrs. O'Connor has been a

guest speaker for the Professional Writer's League and at El Camino College.

"Exploring Your Story's Possibilities," will be the subject of Mrs. O'Connor's talk to the Manuscripters. She will tell ways of making a story more salable and ways of arriving at a sound plot. A big

turnout is expected for this meeting, according to Dorothy V. Boesch, co-program chairman.

The Southwest Manuscripters meet every third Friday of the month. Both established and beginning writers are welcome to attend meetings and join in the social coffee hour which follows.

## Health Officer Issues Warning On Rabies Peril

Dr. Roy O. Gilbert, Los Angeles County Health Officer, this week issued a warning that rabies is still endemic in Los Angeles County. So far this year there have been reported 21 cases of animal rabies—19 dogs, one cat and one skunk. Because of contacts with these and other suspected rabid animals 185 persons have had to undergo the painful Pasteur treatment.

Dr. Gilbert issued a special plea that all animal bites be reported immediately to the nearest County Health Center. Compliance with the rabies vaccination programs will not necessarily stop rabies immediately, as the vaccination program is a long-range one, whereas the rabies problem and danger of human infection is one with us now.

**Law Cited**  
Failure to report immediately an animal bite could result in additional bites or infection by the offending animal, or even in the loss of human life. It is well for everyone to realize that it is also a California State Law that anyone knowing of an animal bite is responsible for its being reported, Dr. Gilbert said.

The full cooperation of all residents is requested in that ALL animal bites be reported to the Torrance Health Center, 2300 W. Carson St., or to Dr. B. A. Kogan, M.D., District Health Officer, and complete information be given as to the patient and the animal concerned. The animal will then be closely observed during the critical 15 days as a protection to the person bitten.

It is also requested that pets be kept on leashes or inside a fenced yard at all times. Any animal suspected of having rabies or showing abnormal symptoms should be reported to the Los Angeles County Pound Department, LO 7-2293, in order that the suspicious animal may be impounded and closely observed.

## Youth Attend Church Camp

Members of the Senior Group at Central Evangelical United Brethren Church are spending this week at Taquitz Pines in the San Bernardino Mountains as part of the church's summer program for young people.

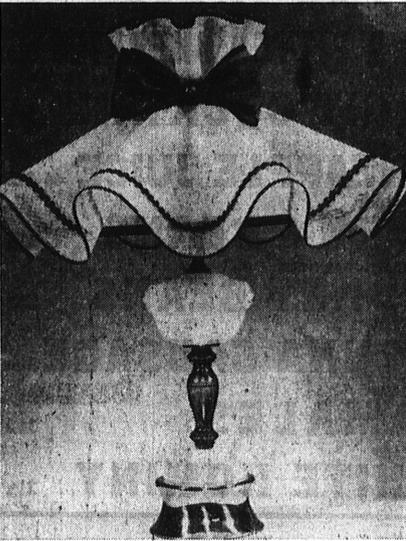

The junior high group, with Mrs. Walter Stanton as counselor, will spend this next there and the junior group will spend the week at the Idyllwild Church Camp with Rev. Walter Stanton as instructor and Mr. and Mrs. Jack Hoy as counselors.
